

We design, build & operate places where families play.

Family entertainment centers, attractions and edutainment —
delivered by leisure professionals since 2010.

WHERE WE PLAY

UAE · Kenya · India

Egypt — coming soon

[@funscapes.me](https://www.funscapes.me)

Building entertainment, one venue at a time.

Funscapes Entertainment was formed by a group of leisure-industry professionals with years of experience designing, building and operating entertainment centers worldwide. We design, evaluate and operate family entertainment centers – spreading fun across the UAE, Kenya and India, with Egypt coming soon.

2010

Our first center opened

3

Countries today – UAE,
Kenya, India

15+

Years designing &
running FECs

OUR VISION

To be the region's most trusted name in family entertainment – places families return to again and again.

OUR MISSION

To design, build and operate safe, joyful and profitable entertainment spaces for our guests and partners.

Why partner with us

● End-to-end delivery

One team from concept and layout to sourcing, fit-out and daily operations.

● An operator's mindset

We run our own centers, so every design decision is tested against real guest flow, safety and revenue.

● Trusted by major developers

Long-term projects delivered with Aldar Properties and Majid Al Futtaim.

● Play that teaches

Robotics and electronics edutainment programs that turn visits into learning.

We build entertainment.

We Evaluate

Feasibility studies with in-depth analysis, suggested capex and profitability for your project.

We Design

FECs from 5,000 sq ft to 50 acres – even outdoor rides and roller coasters indoors, solving structure, noise and vibration.

We Provide

Machines, spare parts, toys and redemption items, plus installation, service manuals and technical support.

We Operate

Centers run to the highest standards – financial targets met, marketed and promoted, teams trained.

Big rides
